

The Leading Full-Text Resource for Sport Studies Research

This database is the premier source of literature for sports and sports medicine journals, providing full-text content from many well-known and respected sources. It is an essential tool for health professionals, researchers and students, providing extensive coverage in the areas of fitness, health and sport studies.

Robust Full-Text Coverage

This authoritative database contains full text for many of the most used journals in the *SPORTDiscus* index with no embargo. Of those, more than 500 are not found with full text in any version of *Academic Search*, *Health Source* or *Biomedical Reference Collection*. With full-text coverage dating back to the 1970s, *SPORTDiscus with Full Text* is the definitive research tool for all areas of sports and sports medicine literature.

Content Includes:

- More than 670 full-text journals
- Books
- Book chapters
- Conference proceedings
- Journal and magazine articles

Subjects Include:

- Clinical specialties such as orthopedics
- Coaching and education
- Consumer health
- Exercise science and fitness
- Health education
- Kinesiology
- Nutrition
- Occupational health and safety
- Physical education
- Physical therapy
- Sports sciences

Additional Titles:

- *JOPERD: The Journal of Physical Education, Recreation & Dance*
- *Clinical Rehabilitation*
- *International Journal of Sports Sciences & Fitness*
- *Journal of Sport & Exercise Psychology*
- *Sports Illustrated*

Key Full-Text Titles:
